

Linear low-density polyethylene

# 3/4" LLDPE Tubing

You asked for it, we made it: 3/4" outside diameter (OD) Linear Low Density Polyethylene (LLDPE) tubing! Previously offered only as a custom size, our 3/4" OD LLDPE is now available in two colors and two internal diameters (ID), as a readily available stocked item. If you have a need for economical 3/4" tubing- look no further!

## Features & Benefits

- Superior environmental stress crack resistance (ESCR).
- Tasteless and odorless.
- Impermeable to gasses and moisture.
- Superior dielectric properties.
- Compatible with many acids and bases.

## Specs

**Temperature Range**

-40 °F to +150 °F

**Diameter Tolerances**

±.007"

**Tube Markings**

Freelin-Wade Markings

**Working Pressure**

3:1 Safety Factor

**Base Resin Compliance**

FDA Food Contact  
NSF Compliant

**Suggested Fitting**

Push to Connect
